

**U.S. DEPARTMENT OF COMMERCE
CHARTER OF THE
EMERGING TECHNOLOGY AND RESEARCH ADVISORY COMMITTEE**

1. Committee's Official Designation (Title). Emerging Technology and Research Advisory Committee

2. Authority. The Secretary of Commerce ("Secretary"), pursuant to authorities provided by law, including the Export Administration Act of 1979¹, as amended (50 U.S.C. app. §§ 2401-2420 (2000)) (the "Act"), the International Emergency Economic Powers Act (50 U.S.C. §§ 1701 - 1706 (2000)), and the Federal Advisory Committee Act, as amended (5 U.S.C., App.), established a Technical Advisory Committee (TAC), the Emerging Technology and Research Advisory Committee (ETRAC).

This is a renewal charter for the ETRAC, which was originally established on May 16, 2008. In December 2007, the Bureau of Industry and Security received a request for the establishment of a TAC under Section 5 of the Act in the form of the Deemed Export Advisory Committee's final report. The committee members represented a substantial segment of an industry that produces items subject to export controls, namely, the U.S. technology community, which is engaged in producing technical data and providing technical assistance.

3. Objectives and Scope of Activities. The Committee will be consulted where a recognized need of the Department of Commerce (the Department) exists with respect to questions involving: (a) the identification of emerging technologies and research and development activities that may be of interest from a dual-use perspective; (b) the prioritization of new and existing controls to determine which are of greatest consequence to national security; (c) the potential impact of dual-use export control requirements on research activities; and (d) the threat to national security posed by the unauthorized export of technologies.

The Committee will provide advice to the Department with respect to these matters. The Chairperson will submit an annual report and annual plan to the Department. The report will include a summary of the efforts of the Committee during the year and any recommendations agreed on by the Committee.

¹ From August 21, 1994 through November 12, 2000, the Act was in lapse. During that period, the President, through Executive Order 12924, which had been extended by successive Presidential Notices, the last of which was August 3, 2000 (3 C.F.R., 2000 Comp. 397 (2001)), continued the Regulations in effect under the International Emergency Economic Powers Act (50 U.S.C. §§ 1701 - 1706 (2000)) ("IEEPA"). On November 13, 2000, the Act was reauthorized and it remained in effect through August 21, 2001. Since 21, 2001, the Act has been in lapse and the President, through Executive Order 13222 of August 17, 2001 (3 C.F.R., 2001 Comp. 783 (2002)), which has been extended by successive Presidential Notices, the most recent being that of August 13, 2009 (74 *Fed.
